# ABOUT US

Established over 10 years ago, Global Uniforms has grown to be among the leading uniform and safety equipment distributors in Nairobi.

Our story began on October 2009 when we relocated to our current location at Gichugu Building along Duruma road to actualize our new mission.

We stock a wide array of uniforms including work and industrial uniforms and equipment, Sports attire, and School uniforms and supplies. We also have safety and sports equipment in stock. We do branding and custom designs at the request and specification of the client.

## OUR MISSION

To promote safety and professionalism in the workplace- one uniform at a time.

***SAFETY WEAR  
AND EQUIPMENT***

A collection of safety equipment is displayed against a dark background. In the foreground, a bright yellow hard hat is prominent on the left. To its right, a pair of brown leather work boots with thick, treaded soles is visible. In the background, a pair of orange work pants with silver buttons is laid out. Resting on the pants are a pair of yellow-handled pliers and a screwdriver with a red and black handle. A faint, semi-transparent globe logo is visible behind the text.
